

## **I beni comuni di U. Mattei: un ritorno alla politica.**

ANTONIO BANFI

*Abstract:* Ugo Mattei's book about commons, should not be considered alone. Instead, it should be placed into the vast debate about power, government and participation. A comparison with the theory of deliberative polls and Benvenuti's demarchy shows the variety of available solutions to craft a remedy for the present crisis of democracy.

*Keywords:* Private Law, Democracy, Participation, Commons, History of Law.
