

# Sull'utilitarismo

LUCA FONNESU

## *On Utilitarianism*

*Abstract:* The Author examines Reichlin's *L'Utilitarismo*, and raises three critical considerations. The first is that Reichlin does not recognize the importance of Bentham as a philosopher, the second is that Reichlin's criticism of hedonism as a theory of intrinsic value is not convincing, the last is the lack of the theme of responsibility.

*Keywords:* Utilitarianism, Bentham, Hedonism, Responsibility.
