Reflections of a Scholar in Criminal Law

Abstract: The companion, *Filosofia del diritto (Philosophy of Law)*, edited by M. Ricciardi, A. Rossetti, V. Velluzzi, offers an important chance to think over the strong, old and recurring relationship between legal philosophy and criminal law. Moreover, it shows that the solutions provided by positive law are not “absolutely” valid: legal philosophy unveils this fiction!

Keywords: Legal philosophy, Criminal law, Punishment, Responsibility.
