

# **L'indicatore di impatto della ricerca: ausilio o ostacolo per la valutazione? Commento a Regonini**

ANNA ELISABETTA GALEOTTI

*The Impact Indicator of the Research: Aid or Obstacle for the Assessment?  
Remarks on Regonini's Paper*

*Abstract:* The paper argues that the introduction of the public impact assessment of the research in the social and political sciences collides with a series of theoretical and practical difficulties that advise against its use.

*Keywords:* Research assessment, Qualitative methods, Impact, Public policy.
