

Il “costituzionalismo dei diritti” e le sue insidie

MARILISA D’AMICO

The “Constitutionalism of Rights” and its Pitfalls

Abstract: This paper discusses Giorgio Pino’s *Il costituzionalismo dei diritti* (2017); in particular, I suggest that the model of “constitutionalism of rights” must return to being an analysis of “power” and its limits, as a presupposition of rights’ guarantee and effectiveness.

Keywords: Constitutionalism, Fundamental rights, Power, Legal limitation of power.
