

La guerra dell'informazione e i nuovi equilibri internazionali: aspetti giuridici, tecnologici e geopolitici

Presentazione

GIOVANNI ZICCARDI

Foreword

Abstract: The forum, and the following contributions, concern the very current topic of information warfare. This is a subject that requires legal, technological, sociological, geopolitical and international analysis. The aim is to try to understand the nature (and the limits) of this type of war that, in the information society era, is connoting our society.

Keywords: Information warfare, Hacking, Social network, Disinformation, Information society.
