A proposito di un recente libro sulle metafore e della sua rilevanza per la teoria del diritto

Claudio Luzzati

*About a Recent Book on Metaphors and its Relevance for Jurisprudence*

*Abstract:* The author of this paper tries to show how an essay about metaphors written by a scholar of general linguistics, Michele Prandi, could surprisingly cast light on some peculiar problems rising in a rather distant field of study as law’s theory.

*Keywords:* Living and dead metaphors, Conflict, Rule.
