

Punire il non fare. Considerazioni di politica criminale

FABIO FASANI

Punishing Omissions. A Few Penal Policy Remarks

Abstract: This essay maps the ways in which “not doing” was and is punished in modern and contemporary criminal justice systems. This overview allows the Author to draw some conclusions on the tendencies that are likely to characterize penal policy making with regard to omissions in the future risk society.

Keywords: Criminal policy, Omission, Risk society, Artificial intelligence.
