Commenti al volume di Francesca Rescigno *Per un habeas corpus “di genere”*

Costituzione e “medicina di genere”

FEDERICO GUSTAVO PIZZETTI

The Italian Constitution and the “Gender Medicine”

Abstract: The publication of Francesca Rescigno’s most recent book, which proposes a kind of “gender habeas corpus”, provides an opportunity to offer some brief help-reading notes on how the Italian Constitution, in its progressive as well as human-centered perspectives, might be invoked as a basis for further legal progress in recognizing women’s rights to self-determination.

Keywords: Constitution, Gender medicine, Women’s empowerment.
