

La dimensione simbolica nel diritto ecclesiastico italiano e i suoi “problemi pratici”

GRETA PAVESI

The Symbolic Dimension in Italian Law and Religion and Its “Practical Problems”

Abstract: Considering the suggestions offered by the essays collected in the volume edited by Francesco Ferraro, this paper briefly addresses the issue of the symbolic dimension in Italian *Law and Religion*, highlighting its “practical problems” also in view of the most recent jurisprudence of legitimacy.

Keywords: Religious symbols, Religious pluralism, ‘Laicità’, Reasonable accommodation, Public school.
