

Il diritto e il sesso: alcune considerazioni su consenso, volontà e violenza

ROBERTA DAMENO

Law and Sex: Some Considerations on Consent, Will, and Violence

Abstract: Talking about sex is still difficult in our societies today. The unbalanced distribution of power in favour of men raise questions about the correct expression of women's will. The question we must ask ourselves is: can the law solve all the problems concerning the validity of consent?

Keywords: Sex, Pleasure, Consent, Violence.
