

## **Risposte sull'esistenzialismo planetario**

MATTEO PIETROPAOLI

*Responses on Planetary Existentialism*

*Abstract:* This paper responds to critical remarks on planetary existentialism, clarifying its ontological notion of responsibility, its critique of modern anthropocentrism, and its ethical implications in the Anthropocene. It argues for a reorientation of care toward the Earth system as a shared existential horizon.

*Keywords:* Planetary existentialism, Anthropocene, Responsibility, Care, Politics.
